

Liquify – the 200 % hygiene paper

100 % safe to use
100 % fast dissolving

200 % performance, one less thing to worry about:

Satino Liquify

Whether festival or camping site, ship, plane or train:

Where sanitary facilities are used frequently, have to function without a connection to the sewer system or are simply no longer state of the art, pipe blockages are a constant challenge – for operators, but also for users.

We've developed Satino Liquify to ensure optimum hygiene at all times:

Liquify is our innovative range of dissolving and fast dissolving hygiene papers – an unrivalled choice for all areas with sensitive infrastructures and wherever large numbers of people come together in a confined space for a short period of time.

Satino Liquify – the perfect solution for your branch, sector and needs

Travel and transport

Vacuum toilets and chemical toilets

Indoor and outdoor events

Sanitary facilities without a connection to the sewer system

Places with high visitor frequencies

Narrow or obsolete pipes

Satino Liquify – the 200 % hygiene paper

**100 %
SAFE TO USE**

**100 %
FAST
DISSOLVING**

Whether toilet paper or towel paper:

Satino Liquify means performance, functionality and safety – without compromising on quality and ease of use.

A special production technology and raw material mix make it possible:

Satino Liquify hygiene papers disintegrate into very fine particles on contact with water.

Less cost, less effort – and more hygiene: Satino Liquify

- ✓ Proven, tested quality product from Satino by WEPA
- ✓ Effectively and demonstrably minimises the risk of pipe blockages
- ✓ Significantly reduces the need for maintenance, repair and cleaning of sanitary facilities
- ✓ Permanently ensures the functionality of washrooms and sanitary facilities
- ✓ Improves hygiene
- ✓ Ensures 100 % satisfied users

FOLDED TOWEL DISPENSER INTERFOLD LARGE

The attractive and economical choice for high visitor frequency and long supply reliability.
PT2 compatible

Art. No. 331400

SMALL

The ideal solution for smaller rooms/washrooms with little space.
PT2 compatible

Art. No. 331030

FOLDED TOWEL DISPENSER LARGE

Easy to use and economical in consumption. For high visitor numbers and frequent use. Settable sheet width and depth. Suitable for all fold types.
PT3 compatible

Art. No. 331010

SMALL

The practical, smaller dispenser solution for low to medium frequencies and all fold types.
PT3 compatible

Art. No. 331020

FOLDED TOWEL DISPENSER MINI

The optimal choice for smaller rooms or low frequencies. Features clearly visible fill level windows at the front.
PT4 compatible

Art. No. 331470

DOUBLE ROLL TOILET PAPER DISPENSER

The clever dispenser system for WC cubicles: The second roll is released only after the first roll has been used up. The integrated roll brake prevents wilful unwinding and excessive paper consumption.
MT1 compatible

Art. No. 331080

TOWEL PAPER TISSUE FORMAT

Satino Liquify Z-fold / V-fold

Tear-resistant, absorbent and reliable to use, and unbeatably safe even afterwards: Even if Satino Liquify paper towels are improperly disposed of in the toilet, they completely decompose on prolonged contact with water thanks to their special mix of raw materials.

2-ply quality, FSC® Mix certified.

Available as Z-fold in a box or as V-fold in a practical BagPack – for optimised storage and handling.

Art. No.	Certification	Plies	Fold type	Sheet size	Colour	Embossing	Pack/sheets	PU	Pallet
Satino Liquify, Cellulose							Cardboard box		
276570	FSC® Mix	2	Z-Fold	24.0 x 24.0 cm	Bright white	Diamond	25 x 150	3,750	32
276580	FSC® Mix	2	Z-Fold	20.6 x 24.0 cm	Bright white	Diamond	25 x 150	3,750	36
BagPack / Foil bag									
275900	FSC® Mix	2	V-Fold	24.0 x 21.0 cm	Bright white	Diamond	15 x 268	4,020	32

TOILET PAPER SMALL ROLLS

Highly absorbent, pleasantly soft and as reliable as tried-and-tested recycled toilet paper, but superior due to its practical added value: Satino Liquify toilet paper decomposes extremely quickly on contact with water thanks to its intelligent manufacturing process.

2- or 3-ply. EU Ecolabel certified.

Art. No.	Certification	Plies	Rolls x Sheets	Sheet size	Colour	Embossing	PU	Pallet
Satino Liquify, 100 % Recycling							Foil bag	
070560	EU Ecolabel	3	8 x 250	9.5 x 11.0 cm	Bright white	Waffle	8 x 8 Rolls	33
061608	EU Ecolabel	2	8 x 250	9.5 x 11.0 cm	White	Waffle	8 x 8 Rolls	15

An inspiration for operators and users: Satino Liquify in practice

People expect up-to-date hygiene, whether camping or on a business trip. This is where Satino Liquify scores, and not only in terms of quality and comfort. By ensuring the functionality of sanitation facilities,

it also ensures that hygiene standards, especially with toilets, are maintained, and the risk of soiling, vandalism and misuse is reduced.

Tested and approved: Satino Liquify

Satino Liquify dissolving towel papers and fast dissolving toilet papers have been extensively tested* for application safety, dissolving behaviour and the trouble-free functioning of sensitive piping systems.

Standard	Test method	Paper towel	Toilet paper
FG501	Toilet and drainline clearance test	✓	✓
FG502	Slosh box disintegration test	✓	✓
FG503	Household pump test	✓	○
FG504	Settling test	✓	○
FG505A	Aerobic biodegradation test	✓	○
FG506A	Anaerobic biodegradation test	✓	○
FG507	Municipal sewage pump test	✓	○
	Vacuum toilet test	✓	✓
NF Q34-020	Measurement of the decomposition	✓	✓

* Tested by Centre Technique du Papier in Grenoble, manufacturer of vacuum pumps, WEPA laboratory. O – test not required, as Satino Liquify toilet papers decompose extremely quickly in water
