

# The New Standard for hygiene paper

Award-Winning Quality

## Our raw material innovation for the future

- The hygiene paper of the future for your sustainable washroom. 100% recycled – made from cardboard.
- A future-oriented solution for the circular economy – by tapping into recovered paper qualities previously unused in tissue products.
- Soft and absorbent premium quality and one of the softest natural-coloured papers on the market.
- **The new gold standard in the fibre recycling cycle:** the use of fibres that have already passed through several recycling processes.

## Top Performance in Hygiene and Quality

**100% unbleached** –  
sustainable at first glance

**100% soft and absorbent**

**100% hygienic** and safe  
in all applications

**60% virgin plastic saved**

**sabino**  PureSoft

# Satino PureSoft
